HOW TO MEASURE

For best results, measure over your undergarments.

Chest

Measure fullest part of your chest, keeping the tape level to the floor.

Waist

Measure your natural waist where your torso is the smallest.

Hips

Stand with heels together and measure the fullest part of your hips (approximately 8" below the natural waist).

Inseam

Measure pants that fit you well. Lay them flat, with the front and back creased smooth.

Measure along the inseam from crotch to bottom of leg hem. Or, if you don't have pants that fit comfortably, measure from your crotch to your desired pants length.
